

**DOBERMAN
PINSCHER**
— HEALTH FOUNDATION —

Greetings!

Today marks five years since the launch of the Doberman Pinscher Health Foundation. The Board of Directors would like to take this opportunity to thank all of our friends for your ongoing support over these years.

Do you know that over the last five years through your generous donations and support of our fundraising efforts, we have raised well over \$100K to support research into the genetic diseases plaguing the Doberman breed?

That money has been used to fund seven separate research studies, five of which are on going. These studies cover various health concerns such as Cardiomyopathy, Cancer and Bloat.

We definitely could not have done this without you, so once again:

THANK YOU!

Are you new to DPHF? please consider joining us in the fight.

We have several ways to get involved. Please visit our [store](#) or you can donate directly to the cause [here](#).

The Doberman Pinscher Health Foundation is a non-profit 501 c(3) formed for the sole purpose of promoting and funding research into the genetic diseases and conditions that affect the Doberman Pinscher.

Please join us in our battle against the genetic diseases afflicting the Doberman Pinscher.

All donations are tax deductible in the U.S. and Canada.

Thanks again for your support over the last five years!

Best Regards,

DPHF Board of Directors:

James Barron
