

**DOBERMAN
PINSCHER**
— HEALTH FOUNDATION —

Greetings!

Just a quick note to wish you and your family our best wishes for a happy and prosperous New Year.

Whether it be through direct donations, merchandise purchase or fundraisers established on our behalf, we can't thank our supporters enough for their generosity.

In 2018 research funded by DPHF, and conducted by Robert Sanders DVM at Michigan State University College of Veterinary Medicine, was completed with formal presentation of the results scheduled for the American College of Veterinary Internal Medicine forum in June of 2019.

We have also earmarked funds to assist Doberman owners with the Osteosarcoma vaccine, if you think you have a dog that qualifies for this assistance, please contact our research Committee Chair, [Kelli Rosen DVM](#).

All of us at the Foundation look forward to a productive year in 2019 benefiting the Doberman Pinscher, we couldn't do it without you!

As a reminder, the Doberman Pinscher Health Foundation is an independent 501 (c) (3) charitable organization formed for the sole purpose of promoting research into the genetic diseases and conditions that affect the Doberman Pinscher. To find out more about us visit our [website](#), like us on [Facebook](#) and follow us on [Twitter](#).

Sincerely,

DPHF Board of Directors:

Marj Brooks
